Summary

Hello there, My name is Ahmed Shahin, I'm a React.js Frontend Web Developer who has 1+ years of work experience in the industry of frontend web development, I enjoy building everything with JavaScript.
In this duration, I have learned a lot of technologies, created many cool websites, collaborated with great developers and contributed to open source projects.
So I'm always seeking to have an opportunity that matches my skills, to make the best use of all what I have learned.
